EDUCATION

2020	Ph.D. candidate University of Toronto Institute of Health Policy, Management, and Evaluation Specialization: Outcomes and evaluation + Knowledge Translation Thesis: <i>The Intersection of Telehealth and Treatment Burden: Unraveling Complexities in Chronic Conditions Among patients with Low Socioeconomic status: A Mixed Method Study</i>
2018	Master of Health Science (MHSc) Ontario Tech University Oshawa, Ontario Dr. Wendy Stanyon, Thesis supervisor Thesis: <i>A qualitative exploration of single-session mindfulness intervention among informal caregivers of seniors</i>
2015	Bachelor of Science (BSc) (Honours) University of Toronto Toronto, Ontario Major: Global Health and Psychology

AWARDS:

2023-2024	EPIC-AT Fellowship (AGE-WELL)
2023-2024	The Connaught Public Impact Fellowship
2022-2024	Ontario Graduate Scholarship (OGS)
2022-2023	Ontario Graduate Scholarship (OGS)
2021-2022	Ontario Graduate Scholarship (OGS)
2020-2021	Dalla Lana Merit Award
2018	Ontario Tech Travel Bursary
2017	Ontario Tech Travel Bursary

EXPERTISE AND RESEARCH INTERESTS

- **Method:** Qualitative method, mixed method research design, co-design method, knowledge translation
- **Research Topic:** Patient-centered digital innovation, critical social theory, health outcome and evaluation, treatment burden, complex patients
- **Research Skills:** Critical qualitative analysis, secondary administrative data analysis, scoping reviews, survey development, knowledge translation

RESEARCH EXPERIENCE

2021-Present **Research Associate**

Marsh Lab | Canadian Addiction Treatment Centers (CATC)
Northern Ontario School of Medicine

- Designed and implemented multiple retrospective cohort studies on Opioid-agonist treatment patterns.
- Led mixed-method research studies on trauma-informed treatment interventions for individuals with complex substance use disorder in rural Ontario.

2022-Present **Project Coordinator**

Baycrest Academy for Innovation

- Coordinated a pan-Canadian National ECHO session for primary care providers.
- Developed and implemented evaluation tools, strategies, and led knowledge translation activities.

2021-2022 **Research Assistant**

Center for Quality Improvement and Patient Safety (CQuIPS)
Women's College Hospital

- Analyzed qualitative interview data on the adoption and usage of a virtual consultancy program in long-term care.
- Conducted data triangulation using mixed-method research design.

2021-2022 **Research Assistant**

University Health Network
University of Toronto Department of Medicine

- Conducted semi-structured qualitative interviews for a longitudinal study on residents' experiences with a newly implemented advisor program.
- Developed coding frameworks and managed large volumes of data.

2020-2022 **Research Trainee**

Global Implementation Science Program | Dalla Lana School of Public Health
University of Toronto

- Designed and piloted an evaluative study on the implementation and sustainability of a charitable organization supporting people fleeing violence.
- Established efficient workflow and project management tools for online collaboration.

2020-2021 **Research Analyst**

University of Toronto
Department of English

- Co-investigated a research project evaluating undergraduate students' writing identity and experience with academic feedback.
- Designed and implemented survey questionnaires, focus group interviews, and summarized study results.

- 2018-2020** **Research Coordinator**
Bridgepoint Research Collaboratory | Sinai Health System
Toronto, Ontario
- Designed and executed quantitative and qualitative research studies on digital solutions for patients with complex chronic conditions.
 - Launched a knowledge-sharing platform for International Foundation for Integrated Care (IFIC)-Special Interest Group.
 - Conducted a large scoping review on the use of technologies in integrated primary care models.
- 2018** **Community Development Coordinator**
Houselink Community Homes
Toronto, Ontario
- Developed and implemented participatory-based research assessing the health and social needs of supportive home residents with co-morbidity of mental illness and substance abuse problems.
 - Co-designed program evaluation tools and monitored health promotion project implementation.
- 2017-2018** **Graduate Research Assistant**
Canadian De-prescribing Network
Whitby, Ontario
- Conducted focus groups on challenges of de-prescribing and polypharmacy among older adults.
 - Transcribed and analyzed qualitative data, contributed to manuscripts and reports.
- 2015-2017** **Research Intern**
Ryerson University
Toronto, ON
- Evaluated changing trends in maternal and child health in Bangladesh compared to other South Asian countries.
 - Consolidated findings from multiple research projects and tracked financial budgets.
- 2016** **Research Assistant**
National Institute on Aging (NIA) | Mount Sinai Hospital
Toronto, ON
- Conducted environmental scanning report on the health and social needs of community-dwelling older adults.
 - Co-authored an organizational white paper and assisted in writing policy briefs.

TEACHING EXPERIENCE

2016-2018

Graduate Teaching Assistant

Ontario Tech University

Courses: Exploration of Mental Health and developmental disability, Research Method for Health Care Professionals

PEER-REVIEWED PUBLICATIONS

- 2023** **Tahsin, F.**, Armas, A., Kirakalaprathapan, A., Cunningham, H, Kadu, M., Sritharan, J., Steele Gray, C. Information and Communication Technologies (ICTs) Enabling Integrated Primary Care for Complex Patients: a scoping review. JMIR.

TECHNICAL SKILLS

Statistical Software	SPSS, NVivo, R, Excel
Language Proficiency	English, Bengali, French
Data Analysis (Quantitative)	Survival analysis, time series analysis, descriptive statistics, regression analysis
Data Analysis (Qualitative)	Ethnography, narrative analysis, thematic analysis, grounded theory
Graphic Design	Illustrator, Publisher, Photoshop

VOLUNTEER WORK

2017-2018	Sprint Senior Care Social volunteer
2016	Access Alliance Multicultural Health and Community Services Peer tutor and event organizer
2015	Canadian Center for Victims of Torture (CCVT) Interpreter and peer mentor
2014-2015	Science Rendezvous University of Toronto Science volunteer
2011-2015	University of Toronto International Health Program (UTHIP) Member
2011-2015	Bangladeshi Students Association of the University of Toronto Vice President
